**The Secret Rescue**-Cate Lineberry 2013-05-07 The “exciting” true story of a downed cargo plane and a group of stranded U.S. Army medical personnel fighting to survive in Nazi-occupied Albania (The Bowling Green Daily News). A Wall Street Journal Bestseller An Edgar Award Finalist and Anthony Award Finalist for Best Critical or Non-Fiction Work When twenty-six Army nurses and medics—part of the 807th Medical Air Evacuation Transport Squadron—boarded a cargo plane for transport in November 1943, they never anticipated the crash landing in Nazi-occupied Albania that would lead to a months-long struggle for survival. In a drama that captured the attention of the American public, the group and its flight crew dodged bullets and battled blinding winter storms as they climbed mountains and fought to stay alive, aided by courageous villagers who risked death at Nazi hands to help them. A mesmerizing tale of the heroism of ordinary people, The Secret Rescue tells a story of endurance kept secret for decades, and of the daring rescue attempts by clandestine American and British organizations amid the tumultuous landscape of the war. “Combines all of the elements that draw us to WWII stories: the daring of The Guns of Navarone, the suspense of The Great Escape, and the bravery reminiscent of Ill Met by Moonlight. It’s the inclusion of so many women, though, that makes this story unique.” —The Daily Beast “An amazing WWII survival-and-rescue story.” —Booklist

**House of Reeds**-Thomas Harlan 2007-04-01 In five short centuries, the mighty Empire of the México, descendants of the ancient Aztecs allied with Imperial Japan, has spread out to conquer the Earth, left the homeworld, and set its sights on the stars. But the universe is a dangerous place, filled with hidden powers and the relics of ancient civilizations. The México are only the latest of the great Imperial powers to reach for the stars. But that doesn't stop Imperial México from claiming control. Xenoarcheologist Gretchen Anderssen had hoped to enjoy her well-earned vacation. She hadn't seen her home-world or her children for many months. But the Company has other plans for her - when she checks in for her transport, she finds new orders for her team. It looks like only a small diversion - a quick trip to the Planet Jagen, to investigate reports of a possible First Sun artifact. She doesn't have to run an excavation, or even gain possession of the artifact. Just file a report. But it smells bad, says Gretchen's Hesht companion, Magdalena. David Parker, the Company pilot assigned to Anderssen's analysis team agrees. And they are so right. Gretchen, Magdalena, and Parker find themselves in very dangerous territory indeed. Because, unbeknownst to anyone at the Company, the Imperial Mexican Priesthood has decided to wage a war on Jagan - a war not of conquest or defense, but a "flowery war", planned and fomented for the purpose of bleeding the Emperor's youngest son. Gretchen and her team are headed right into the middle of the battle. It may be a War of Flowers, but many people will die, and blood will flow in the streets. **Linux iptables Pocket Reference**-Gregor N. Purdy 2004-08-25 Firewalls, Network Address Translation (NAT), network logging and accounting are all provided by Linux's Netfilter system, also known by the name of the command used to administer it, iptables. The iptables interface is the most sophisticated ever offered onLinux and makes Linux an extremely flexible system for any kind of network filtering you might do. Large sets of filtering rules can be grouped in ways that makes it easy to test them and turn them on and off.Do you watch for all types of ICMP traffic--some of them quite dangerous? Can you take advantage of stateful filtering to simplify the management of TCP connections? Would you like to track how much traffic of various types you get?This pocket reference will help you at those critical moments when someone asks you to open or close a port in a hurry, either to enable some important traffic or to block an attack. The book will keep the subtle syntax straight and help you remember all the values you have to enter in order to be as secure as possible. The book has an introductory section that describes applications, followed by a reference/encyclopaedic section with all the matches and targets arranged alphabetically.

**Power Play**-Cat Grant 2012-06-01 Brandon McKinney is a man reborn. Newly awakened to the notion of consensual power exchange and the submissive urges inside him, he begs for a second chance from the man who opened his eyes to this world: Silicon Valley superstar Jonathan Watkins. But no birth is absent pain, and Brandon's is no exception. He fears he's not strong enough to see it through. Jonathan knows better. He's seen the iron core inside his new submissive, and the wounded heart inside him too. He means to teach Brandon to heal the one with the other. They have five months left on their contract, after all, and Jonathan has done more with less before. It's tough to stay objective, though, when you're falling in love. Shame Brandon doesn't feel the same. He's only there for the three-million-dollar payout at contract's end--a fact that Jonathan, nursing his own wounded heart, reminds himself of each day. For even as Brandon's barriers break and his mind expands, even as he grows to love his place at Jonathan's feet, he'll never love life with a sadist--especially one who cannot escape the public eye. "This title is #2 of the Power Play series." "Reader discretion advised. This title contains the following sensitive themes: heavy kink."
